Divine Love Healing Session:

Cynthia has put together all of her life lessons, techniques and experiences from the last 10 years and now has dedicated herself to helping her body, mind and soul heal naturally. In return, allowing herself now with Divine's guidance, to use all of the tools that she has learned, to help others with their natural healing process of all body levels, to naturally heal. This is done using Divine's vibrational healing love, light and informational energy in Reiki, Quantitative, Crystals, Vibrational Energy, Aromatherapy, and Reconnective Healing; so each session is as unique as your needs and YOU are!
